

## Financial Commitment

Each Partner commits to giving a minimum of \$5,000 annually to create the Partner Pooled Fund — the ongoing source of funds for 'time + money' grants. Partners decide together how to allocate the funds to entrepreneurial nonprofits. For those 35 years of age or under, the Partner contribution is \$2,500.

I commit to contribute:

*Payments can be made via Cheque, Online or Securities.*

*Cheque: Made payable to the BC Social Venture Partners Foundation. Mail your cheque with your completed form to the address on this form. Upon receipt of your payment, a tax receipt will be sent to you from our office.*

*Online: Visit [CanadaHelps.org](http://CanadaHelps.org). Please note that there is a 3% surcharge (\$150 on your \$5,000 donation). Please consider adding that additional fee.*

*Securities: This option provides a tax benefit if the value has appreciated since you bought the stock. Please contact us and we'll put you in touch with our investment advisor to handle the details of your transfer.*

## Time Commitment

We are sensitive to the fact that time is scarce. We have developed efficient and effective means of engaging each individual that allow maximum flexibility as to when and how you choose to get involved. The menu of choices includes; participating in one-time events, sharing your expertise occasionally or on an ongoing basis, connecting to other philanthropists in the community — or getting involved later, when you have more time.

My desired level of time commitment is:

- I don't have much time now, but please keep me informed of opportunities
- I am interested in opening doors and making connections
- I would like to get involved directly with Grantees
- I would like to learn more about participating on a Grants Committee
- My spouse or family member is interested in getting involved
